

Are You Affected by DVT or Other Clotting Issues?

Please Join Us

for presentations and an interactive discussion between world expert physicians, advocacy groups, and patients

Improving Patient Quality of Life

Saturday, May 5, 2007, 1:30-4:00 pm

Chicago Marriott Downtown, Magnificent Mile, Chicago, IL
Ballroom III, 7th Floor

➤ This **FREE** session is for:

- People who have had a blood clot or are at risk
- People who use blood thinners (anticoagulants)
- Members of organizations devoted to patient education, support and advocacy
- Health care workers, including physicians, pharmacists, nurses, genetic counselors and others who work in the field of anticoagulation

➤ This session will include:

- A presentation by a person affected by thrombosis and thrombophilia
- Presentations by leading patient advocacy groups
- Presentations by world expert physicians in the treatment of thrombosis
- An interactive discussion between patients, advocacy groups and treatment experts

All are welcome to attend this free event
