

Division of Pediatric Hematology
Weill Cornell Medical College
Presents the following Lecture Series

Thursday,

March 29

4:00 PM

Room F-539

Venous Thromboembolic Events: What's *different* about **kids?**

The talk will cover the risks, causes, diagnostic modalities, and treatment of thromboembolism in children, emphasizing the differences which exist between adults and children.

Lisa A. Michaels, M.D.

Associate Professor of Pediatrics
Director, Pediatric Hemostasis & Thrombosis
Cancer Institute of New Jersey
